# MAJOR EMPLOYERS

IN

## BENTON, FRANKLIN AND WALLA WALLA COUNTIES

### **Introduction**

This appendix presents a list of major employers for Benton, Franklin and Walla Walla Counties. The list includes private and public sector employers - from orchards to Hanford contractors and school districts to the Post Office. The initial criterion for inclusion in the list was that a business/agency/entity have 50 or more full time employees. That was later expanded to include those with a total of 50 or more shift workers, and entities with a substantial number of seasonal employees. The final result is a list of 300+ significant employers for the three-county area.

### **Background**

Information from several sources was used to compile this report, starting with a list of major employers contained in the 1996 Benton-Franklin Regional Council publication "*Social and Economic Data by Traffic Analysis Zone For the Tri-Cities Metropolitan Area*". Subsequent sources include membership lists from Tridec, the Port of Walla Walla Economic Development Division, newspaper articles and material from the Census Bureau. Dates of the additional sources range from 1998-2003.

The list was compiled and reviewed in the spring and summer of 2003. Duplicate entries were eliminated, names and addresses checked, and in some, but not all cases, employment numbers were verified. We have included a mailing address and phone number with each record so that contact is possible with each entity.

### **Disclaimer**

This report does not claim to have captured all entities meeting the conditions described in the introduction, nor does it claim 100 percent accuracy in the employee totals listed. It compiles available resources to present a snapshot of major employment in the three-county area.
