MAJOR EMPLOYERS

IN

BENTON, FRANKLIN AND WALLA WALLA COUNTIES

Introduction

This report presents a list of major employers for Benton, Franklin and Walla Walla Counties. The list includes private and public sector employers - from orchards to Hanford contractors and school districts to the Post Office. To be included in the list a business/agency/entity must have 100 or more employees. In addition to those companies or agencies with 100 or more full time employees working during conventional hours, this list includes those entities with 100 or more employees working in shifts, at multiple sites, fulltime and part time employees and a few with a substantial number of seasonal employees. The final result is a list of 120-odd significant employers for the three-county area.

Background

Information from several sources was used to compile this report, starting with a list of major employers contained in the 2003 Benton-Franklin Council of Governments publication "*Major Employers in Benton, Franklin and Walla Walla Counties*". A significant difference between the current list and its predecessor is that the 2003 major employers list was based on firms with 50 or more employees. The switch from 50 to 100 employees as the basis for inclusion reduced the total number of listed employers from 317 to about 125.

Much of the data in the current report was updated by BFCG staff. Other sources include membership lists from Tridec, the Port of Walla Walla Economic Development Division, and information from the Tri-City Herald. Dates of the source data range from 2005-2007.

The list was compiled and reviewed in the summer of 2007. In all cases, employment numbers were verified. We have included a mailing address and phone number with each record so that contact is possible with each entity.

Disclaimer

This report does not claim to have captured all entities meeting the conditions described in the introduction, nor does it claim 100 percent accuracy in the employee totals listed. It compiles available resources to present a snapshot of major employment in the three-county area.
